Full Stack JavaScript Developer

mob: +91-9995805502

**HTML/CSS|BootStrap|JavaScript|NodeJS|Express|MogoDB**

---

### **Profile:**

- Took career break for past 4years for personal reasons (2016Oct-till date)
    - Worked as an **Open Source contributor** to build my skills and passion to learn new technologies.
    - The project which I worked out with self-research gained me confidence to finish any task.
    - **React js app hosted on firebase:** <https://covid-19-tracker-8cde6.web.app/>
  
  - Worked with Geojit Technologies for 10 years(2006Oct-2016Oct)
    - Handled Java based payment gateway system to transfer fund for trading from clients bank account. Coordinated with client and Bank for integrating various banks to the system.
    - Also been a part in integrating research and news related components to trading system
-
