SINI VARGHESE   binsonsini@gmail.com

Full Stack JavaScript Developer   mob: +91-9995805502

HTML/CSS|BootStrap|JavaScript|NodeJS|Express|MogoDB

_____

Profile:

➢ Took career break for past 4years for personal reasons (2016Oct-till date)
- which was utilised to build my skills and passion to learn new technologies like Node JS
- the project which I worked out with self-research gained me confidence to finish any task.
- Git repository link of project I tried are mentioned.

➢ Worked with Geojit Technologies for 10 years(2006Oct-2016Oct)
- Handled Java based payment gateway system to transfer fund for trading from clients bank account. Coordinated with client and Bank for integrating various banks to the system.
- Also been a part in integrating research and news related components to trading system
